Wholesale and Retail

## Meat and Provision Merchants

Live Stock Dealers, Packers and Exporters

The SHAMROCK BRAND represents the Choicest Grade of article on which it appears. Thoroughly reliable, too, are the DOMINION BRANDS of Products, and WHITE CARNATION LARD COMPOUND. Obtainable at all Grocers, or any of our STORES IN THE WEST.

PACKERS OF THE FAMOUS

## Shamrock Brand

"THE EMPIRE'S STANDARD"

of Hams, Bacon, Sausage, Lard, Eggs and Poultry

Our Packing Houses are of the most modern type—nothing better on the American Continent. Each is under Government Inspection and the seal of "CANADA APPROVED" is placed on all meat products handled in them.

**Trusts and Guarantee**  
**Company, Limited**

(ESTABLISHED 1897)

---

Capital Paid Up and Surplus	-	\$1,685,812.00
Total Assets	- - - - -	\$25,155,123.00

(as at December 31st, 1921)

---

**Acts as**  
**Executor, Liquidator, Administrator**  
**Assignee, Guardian, Receiver**  
**Authorized Trustee in Bankruptcy and in every Trust Capacity**

---

The Company is organized specially to perform these duties, its officers are trained by long experience, it is financially responsible, the charges for its services are moderate, and it is more efficient and economical than a private individual.

We invite enquiries about Wills or the disposition of the estates of deceased persons. It costs nothing to obtain this information.

# Introductory

---

**T**his Seventeenth issue of the Greater Calgary City Directory comprising the City proper, is presented to the public with the belief that it will meet the demands of the most exacting and will fulfill the requirements of all its users.

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be glad to have any inaccuracies brought to their attention, so that they may be corrected in succeeding editions.

The canvass for the present book was made under favorable conditions, with a crew of efficient canvassers, under the immediate supervision of carefully trained examiners.

The results of the canvass were most satisfactory and the manner in which the information checked in, proved the thoroughness of the work.

Upon examination and use as a work of reference, the directory will be found to contain a thorough and complete store of information regarding all the interests of the city. It is devoted to the advancement of all the city's vital interests and has in each issue kept pace with its progress.

The library of City directories which is maintained by the publishers at their offices, for the use of its patrons, embracing directories of all the principal cities of the United States and Canada, has proven a most valuable asset to the City of Calgary, for through reference to the books in this library, information for almost any business or person in the United States or Canada may be obtained.

Through the exchange of directories with the various directory libraries throughout the United States and Canada and the sale of the Calgary Directory to many institutions, hotels and stores in large cities, the directory is circulated throughout the country and serves as a lasting advertisement for our city.

The canvass for the Calgary Directory includes the entire City, so that the name of each person employed should be taken twice; once at the dwelling and again at the place of business. After the canvass has been completed, this information is compiled and it is necessary that there be two slips for each person employed. The information taken at the residence and place of business is compared before the duplicate is laid aside. When a discrepancy is found, a special messenger is dispatched to correct the conflicting information, or if the name has not been taken at both places, to retake it at the home or business place.

The new information is checked with the previous directory and each name in the old directory is accounted for.

It is this careful superintendence and revision which makes the directory estimate of population higher than the census figures.

The directory estimate of population is based on the actual number of names contained in the book, which is multiplied by a common multiple to allow for the married women and small children whose names do not appear.

Based upon the names contained in the pages of this book, it is estimated that the population of Greater Calgary is 78,479. This includes considerable territory beyond the city limits, which is canvassed in order that the names of all people doing business in Calgary may be obtained for the directory.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and to express their appreciation for the confidence which the business and professional men of Calgary have always shown in their publications.

Respectfully, The Publishers,

HENDERSON DIRECTORIES ALBERTA, LIMITED.

August, 1922.

# Calgary

Calgary is named after a small town in Scotland; the word "Calgary" is of a Gaelic origin and means clear water.

## LOCALITY AND ADVANTAGES

The City of Calgary is the business centre of the Province of Alberta, and the largest and most important city between Winnipeg and Vancouver. Its location on the C. P. R. main line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reason of its strategic and geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country awaiting development, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries. An extract from "Townsites of the North West Territories" reads as follows:

"At the junction of the rivers (Bow and Elbow) on Section 14, is the town of Calgary, which will soon become one of the most important places in the Northwest. Its geographical position, picturesque site, proximity to the Rocky Mountains, access to wood and timber by way of both rivers, and its ample supply of excellent water all contribute to this end. C. E. La Rue 1883."

At the time the above was written, Calgary had a population of less than 500, and Calgary's present status surpasses the above forecast.

The business section and part of the residential district has spread over the valley which was the original townsite, and has expanded over the surrounding heights, from which views of the Rocky Mountains are obtainable. Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 80 miles from Banff, "The Playground of Canada," and the "Canadian Alps."

## TO TOURISTS AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

In addition to the Hotel Palliser, one of the finest hostels on the continent, there are many other first class hotels, with rates to suit all purses. Unusual shopping facilities exist and several beautiful modern theatres provide the best there is in drama, vaudeville and pictures.

A drive about the City will be found of interest, and the residential districts on both the north and south hills should be included, as from them a magnificent view on a clear day can be obtained of the Rockies. The Sarcee Indian Reservation adjoining the city on the southwest provides an interesting drive. St. George's Island and Bowness Parks are specially worthy of a visit.

For the sportsman there is, in season, shooting for duck, chicken and partridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Canadian National Park and an extremely interesting and picturesque motor drive of about four hours will take one to Banff (85 miles distant). Lake Louise is also available; and the Rockies can be penetrated for a considerable distance along the Banff-Windermere Road, the uncompleted link in which will be open to the public in 1923. Calgary will then be linked up with the Grand Circle Tour (Blue Trail), which will connect all the scenic attractions in Western America; passing from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary.

## SURROUNDING COUNTRY AND RESOURCES

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching district, in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

## IRRIGATION AND FARMING

Calgary is the headquarters of one of the largest irrigation projects in the world. Water for irrigating the fertile belt stretching from Calgary, north, east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the city limits.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a "Grain" or "Stock" Exchange and a large stockyard and packing plant were established some years ago. Calgary's importance as a grain centre has been officially recognized by the Government of the Dominion of Canada and the said Government has built a terminal elevator in this city (see index "Elevator").

## RAILWAYS AND MARKETS

With three transcontinental railways operating into the city, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled to an ideal location in the heart of a rapidly and ever growing market, in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the prospective manufacturer.

### MINERALS, ETC.

Untold mineral wealth underlays the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada, and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lignite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc. Oil of a high grade was, on October 7th, 1913, struck at a depth of 1,562 feet in a well on Section 6, Township 20, Range 2, West of the 5th Meridian, and now known as "Discovery Well," and since, in fairly good quantities in at least two other wells. Natural gas is also obtained from these wells, and when treated yields gasoline in payable quantities. The gas (after the gasoline has been extracted) is now "piped" to Calgary gas consumers. Wells are still being sunk.

### HOSPITALS AND ADMINISTRATION OF

The hospitals of Calgary, which were hitherto managed by private interests, are now administered by the City as a public utility.

In December, 1918, the electors voted for Civic Administration of Hospitals. The change in control took place April, 1919.

The General Hospital, instituted October, 1890, incorporated November, 1890; New Hospital opened February 1st, 1910, and since added to, with 220 beds present capacity, and which prior to April, 1919, was under the control of a private Board, is now administered by the city, together with hospitals to take care of the following: Tuberculosis (45 beds); small pox (6 beds); isolation (85 beds).

There are in addition to those above mentioned a number of privately owned hospitals and nursing homes, the chief of which is the Holy Cross Hospital.

Mountview Hospital—Chronic tuberculosis, Sixteenth Avenue N.E.

Smallpox Hospital—Sixteenth Avenue N.E.

Isolation Hospital—Contagious disease, Twelfth Avenue and Sixth Street East.

A training school for nurses is part of the General Hospital (Est. 1895). Course of instruction, three years.

Superintendent of Nurses—Miss L. M. Edy.

A Tuberculosis Hospital is operated for the treatment of sufferers from this disease.

Gradual progress is being made towards tax-supported hospitals.

## Progression

Rates have been revised and a Diagnostic Clinic instituted.

The Case Room is free to maternity patients, and the X-Ray, Pathological Department and Operating Room to people housed in the hospital for treatment. Fees are as low as possible, with extra charge to country patients.

The hospitals are training centres for nurses.

Finances are obtained from city taxation, certain provincial government grants and patients' fees.

The government grants for 1921 to municipal hospitals totalled \$45,500.00.

For rates, etc., see index "Hospitals."

The Dominion government completed and opened in the year 1920 a large modern sanatorium for the treatment of incipient tuberculosis cases.

This institution is within a short distance of the Bowness line of the Municipal Street Railway at Keith, 7 miles west of the city, and was originally designed to care for returned soldiers, but has so developed that civilians are now also treated.

### LIBRARY

Those of our citizens possessing literary tastes may, on becoming members of the Calgary Public Library, have access to various works of literature by the world's best authors. A short review of the history of the Calgary Public Library appears in another portion of this book.

### CHARITABLE INSTITUTIONS

The unfortunate, destitute and needy are cared for by the Board of Public Welfare, and food, coal and clothes are provided those asking for help, and work for same if able.

The "Children's Aid Department," hereto financed largely by the City and controlled by the Provincial government, is now a department of the City, and as such is administered by the City Commissioners. For particulars re "Juvenile Court" see index.

### MUNICIPAL OWNERSHIP

Calgary is essentially a city owned and operated for its citizens' benefit through their elected representatives, and owing to this fact its inhabitants enjoy a service from the various municipal undertakings seldom equalled. Having decided in the year 1900 that municipally-owned utilities were for their best interests, as a first venture the then waterworks system was purchased from the private company operating it, and steps were instituted to remodel and modernize the system. Success attended this venture and demonstrated to all that municipal ownership could, when properly administered, be successful, and accordingly in due course electric light and power, street railway and asphalt paving plant system and a public market were successfully instituted.

The Municipal Public Market furnishes an ideal medium of exchange as between the producer and the consumer. Write to the Market Superintendent for details.

Calgary has clean and well paved thoroughfares, beautiful residential districts, and business buildings, giving remarkable evidence of substantial growth. Municipally-owned utilities—particulars of which may be found in this publication—educational buildings, school system, and above all, its healthy climate.

A large and modern reinforced concrete bridge spans the Bow River at Centre Street, Calgary; a bridge of similar construction links the northern and

southern banks of the Elbow River at Fourth Street West, and a similar bridge is being erected across the Bow River at Ninth Street West.

#### **METHOD OF CIVIC GOVERNMENT**

The "Initiative, Referendum and Recall" is in operation in Calgary. By this means legislation may be initiated by the ratepayers, elected officials recalled or a referendum demanded on any public question or policy. It is necessary to obtain the signature of a number of qualified voters equal to 25 per cent. and 10 per cent. respectively of the number of votes cast at the last election for mayor before these powers may be invoked.

The government of the city is carried on under powers granted by the Legislative Assembly of the North West Territories and amendments thereto from said body, and later form the Provincial Legislature of Alberta. The council is composed of a mayor and 12 aldermen. The mayor is elected annually by a vote of the electors of the city at large.

#### **CONTINUITY OF COUNCIL, ETC.**

In order that some members of each year's council may be on intimate terms with the city's business, the aldermen are now elected from the city at large to a two-year term of office, six aldermen retiring, in the ordinary course of events, on December 31st of each year. The transition from one to a two-year term of office was accomplished in December, 1913.

A commissioner is elected annually on a vote of the electorate of the city to hold office for a term of two years. The public and separate school trustees are also elected annually from a vote of the entire city, the number of members to be elected each year being determined by vacancies on the respective boards. The number of members composing the Public School Board is 7 and the Separate School Board 5.

#### **QUALIFICATIONS FOR MAYOR, ETC.**

The mayor is the chief magistrate of the City. Persons eligible for election as Mayor, Commissioner, Aldermen, Public or Separate School Trustee must be British subjects, male or female, of the full age of 21 years, and who are not disqualified under the ordinances incorporating the City of Calgary.

#### **ELECTIONS, NOMINATIONS AND VOTING**

All elections for officials are held under the "Proportional Representation System," which was finally adopted by the City in the year 1917.

The nominations are held annually on the first Monday in December, and the election on the second Wednesday following. The hours of polling are from 9 a.m. to 8 p.m., and "the persons qualified to vote in the above connection are those persons, male or female, 21 years of age or over, whose names appear on last revised assessment role; or resident British subjects, male or female, 21 years of age or over, who have resided continuously in City for at least six months prior to the 1st of June in the year the voters' list is being prepared, and who register during the month of June or July in each year their names at the City Clerk's office." If registered British subjects vote at an election their names are added to the Voters' List for

the year following such election. Qualifications for voting on by-laws, same as above but owners of real property only, to the value of \$100.00, or more.

#### **COUNCIL'S DUTIES**

The Council as a whole is the legislative body and carries on the legislative work through standing committees in the usual way.

#### **COMMISSIONERS' DUTIES**

The Board of Commissioners is the executive body and as such regulates and supervises expenditures, directs and controls departments, nominates all heads of departments, Comptroller excepted, prepares specifications and estimates, advertises for tenders for work, materials and supplies required, inspects and reports to the Council on the municipal work being carried on or in progress within the City; administers the affairs of the City, except schools.

The Aldermen receive no remuneration for their services, the electorate refusing to authorize same on December, 1920, but the Mayor and Commissioners receive a salary of \$5,000.00 and \$4,250,000 per annum respectively.

Calgary's form of municipal government (Commission with Council) has proven in this City of large municipally-owned utilities and undertakings to be a safe and sane method of administering the community's affairs, as the Commissioners cannot legally act on important questions, or incur expenditures over \$500.00 before submitting the facts, policies and recommendations to and receiving the Council's instructions.

The Commission form of Government had its inception, in so far as Calgary is concerned, in 1907, the Commission then consisting of the Mayor, City Clerk and City Engineer, said Board being appointed by the City Council. After a brief trial this Board was found to be unsatisfactory, as no matter what good policies the board might institute or desire to initiate, at least two of the members were not in a position to uphold their policies against possible opposition.

The afore-described Board was supplanted in 1908 by a Commission consisting of the Mayor (chairman), and two Commissioners, the latter two appointed by the Council. Our citizens and electors deemed it their privilege to say as to whom should administer civic affairs and the Council adopted the policy of holding a plebiscite, the two names submitted for the office of Commissioner and receiving the highest number of votes to be appointed by the Council. This method in 1913 gave way to straight election of Commissioners.

The electors at the Municipal Elections held in December, 1918, declared by a large majority to retain the present form of Municipal Government, and in December, 1921, to be in favor of reducing the Commissioners to two, one of whom is the Mayor.

A Board of Commissioners, acting with a Council is considered by many to be the ideal method of City Government, as the Commissioners cannot legally act (except in minor instances) before submitting the facts, policies and recommendations to the Council and receiving the endorsement of the said Council.

## **ASSESSMENT, TAXES, BOARD OF REVISION**

General and Business Tax Assessment Rolls compiled in the fall of each year for use after confirmation by the Board of Revision for taxation purposes, etc., during the following year.

The Board of Revision consists of three members appointed by by-law of the City Council and sits each year to hear appeals against assessment or non-assessment and to revise and confirm both assessment rolls. Appeals against assessment or non-assessment must be in the hands of the City Assessor at least five days before the first meeting of the Board of Revision. The Board of Revision on business assessments usually sits on January 20th, and on real property assessments on February 9th. Assessment notices giving particulars of assessment for the succeeding year and covering the whole City are mailed on December 31st. Every property owner and those liable for business tax should secure this notice of assessment, and if dissatisfied with the valuation placed thereon should appeal at once in writing to the City Assessor giving the assessment number and reasons for appeal.

On purchasing property you should appear at the Assessor's office and present for his information the agreement of sale or title. If a non-resident, write the Assessor.

### **REAL PROPERTY (General Tax)**

After the assessment roll for real property is finally revised and confirmed, usually in February of each year, and the estimated net expenditure to be raised by the general tax is fixed by Council, the tax (mill rate) is struck as follows:

Estimated expenditure (less utilities and revenues from sources other than the general tax) multiplied by 1,000, divided by real property assessment (including special franchise and excluding business tax assessment) equals number of mills constituting the tax rate. (A mill is \$.001).

Each dollar assessed and taxed on the "Real Property" tax rate must pay the mill rate as above determined.

The Council by by-law, fixes the dates up to which certain discounts on general taxes paid, may be secured. For 1922 it is proposed that the dates be June 20th, 10 per cent.; July 20th, 8 per cent.; August 20th, 6 per cent.; September 20th, 4 per cent.; October 20th, 2 per cent. From and including October 21st to December 31st, 1922, taxes will be payable at par. After December 31st, 1922, a penalty of two-thirds of one per cent. (added the first of each month), is imposed on 1922 taxes unpaid and if 1922 taxes are not paid prior to July 1st, 1923, the property upon which the taxes are due is liable for sale at the yearly tax sale.

Tax notices, giving details of the mill rate, general and special taxes due, arrears, penalties, discounts, etc., are then mailed. Taxes are due on demand. No discount is allowed on special or Provincial taxes.

"Special taxes" are invariably "Local Improvement" and "Frontage taxes," such as for sewers, paving, sidewalks, boulevards, curb and gutter, grading, gravelling, water mains the cost of which is chiefly borne by the properties fronting or the district benefitted. The Provincial Tax is levied by the Province of Alberta.

## **BUSINESS ASSESSMENT AND TAX, 1922**

The Business tax first became operative in 1916 and the provisions governing have been amended as necessary from time to time. All businesses, trades, professions, etc., must be assessed each year for a sum equal to the full amount rental of their business premises, whether land or buildings or both, provided, however, that if such assessment is not equal to those of surrounding similar places and businesses, the assessment may be raised or lowered to make all assessments affected equitable. After the Business tax roll has been revised and confirmed and the Council has set the rate and discount periods, tax notices demanding payment of the Business tax, giving particulars of the amount due, discounts, etc., are mailed. A discount of 3 per cent. is allowed if paid before March 31st, distress warrants may be issued if taxes are unpaid by April 15th, 1922. The tax rate on all businesses is 10 per cent. As license fees are now based on the cost of supervision by the City, no rebate is given off Business tax on account of any license fee paid to the City.

### **SERVICE TAX**

The Service tax, originally introduced with the idea of making all citizens pay some direct tax to help defray the cost of various services (schools, police, fire, health, etc.), which they enjoy in the City, has now practically become a "Minimum tax" (in that all are liable to pay the tax except those exempted).

Real Property or Business tax payers, whose General or Business tax is less than the Service tax, for which they are liable, are required to pay the difference.

For particulars as to rates, exemptions, etc., apply to the City Assessor, Calgary.

### **VOTERS' LIST**

The fact that you have paid taxes does not qualify you for a vote. See that your name appears on the Voters' List to be seen in the City Clerk's office. This matter should be attended to prior to the 1st of August in any year. An elector is entitled to vote once only at any election on the same question, and must vote at the booth noted on the Voters' List for such elector. Only qualified electors whose addresses are given as in Calgary, are entered on the Voters' List. A qualified non-resident voter who is in the City on election day and wishes to vote must apply in person at the Assessor's office for a certificate.

### **TAX SALE**

In the year 1919, the Provincial Legislature passed a law which provided that a Tax Sale must be held each year in every Municipality throughout Alberta.

All properties upon which the taxes for the previous year remain unpaid on July 1st of the following year and which are not protected by partial payments made before this law became effective must be placed in the Tax Sale.

The up-set price for properties offered at a Tax Sale is the taxes plus penalties and costs chargeable, unless the City takes advantage of a provision in the Act which permits of a minimum value being fixed on any property, which minimum may be less than the amount

of the taxes, etc., due. The minimum so fixed must, however, be accepted by the City as payment in full by the purchaser, the difference between the minimum value and the taxes, etc., being recoverable by suit. The City to date has not adopted the policy of fixing a minimum.

Properties not sold to private parties at a Tax Sale are considered as "knocked down" to the city.

One year is allowed from the date of sale in which to redeem by the payment of all taxes, etc., any property which has been sold for taxes.

### **TAX EXEMPTIONS**

The Dominion and Provincial Governments, Public and Separate School Boards, Incorporated Colleges, (on lands and buildings used for school purposes), Church buildings and Church lands (up to one-half acre); all are exempt from General taxes, but are liable for Local Improvement taxes.

The C. P. R., by their Act of Incorporation claim exemption from General and Local Improvement taxes on their right-of-way, buildings thereon, and on all lands owned by them for a period of twenty years (unless previously sold and occupied) from date of patent.

### **MUNICIPALLY-OWNED INDUSTRIAL SITES**

Calgary offers to manufacturers industrial sites owned by the Corporation at the cost price. These are located in various parts of the City and the first were purchased in 1911 to provide for industrial development.

"Manchester," within the southern limits in the City, situated on the Calgary-Lethbridge branch of the C. P. R., is offered manufacturers desirous of locating in Calgary, on the following terms:—

Street cars, sewer, water and electric light and power are extended to and in use in "Manchester." This property is approximately two and one-half miles from the Post Office. Applications for sites should be addressed to the City Clerk.

1. Cost price, \$1,200.00 per acre; one-third cash, balance in equal instalments divided over a term agreeable to the purchaser, up to six years, with interest at 6 per cent., payable annually.

2. (a) The purchaser or purchasers must agree that all buildings erected on land bought by them shall conform to the requirements of the second-class fire limits of the City.

2. (b) To use the land for 10 years from the date of purchase for manufacturing purposes only, and after 10 years for the same purpose until otherwise allowed by by-law of the City of Calgary.

2. (c) To begin building operations on the land purchased within six months from the date of purchase and to complete the buildings within a reasonable time, and if the purchaser or purchasers fail to carry out this provision the agreement shall be void and the land revert to the City.

2. (d) That he or they shall not assign or sublet without the consent of the Council of the City of Calgary.

2. (e) To pay the City of Calgary its proportionate share of the rental of the main spur or spurs constructed to serve the subdivision.

Two miles east of the City limits and about five miles from the Post Office lay other industrial sites. This property is served by the Canadian National Railroads.

The City also owns several blocks of land in the subdivision known as Calgary Junction.

Another site within easy reach lies about two miles northeast of the Post Office. The Calgary-Edmonton branch of the C. P. R. runs through this property.

The City has power to limit the assessment on lands used for manufacturing purposes to \$5,000.00 per acre until January 1, 1923, and to exempt from taxation buildings, improvements, machinery and stock being used on said land subject to a by-law providing for such limited assessments and exemptions being ratified by the people as in the case of a money by-law.

The above clause does not mean that the industrial concerns are exempt from Local Improvement taxation.

If the aforesaid lands, buildings, stock or improvements cease to be used or occupied for the purposes aforementioned such land, etc., so ceasing to be used or occupied shall be liable to taxation in the usual manner.

Further information in respect to the above will be gladly furnished by the City Clerk.

### **DOMINION GOVERNMENT ELEVATOR**

#### **Calgary, Alberta**

Office—East Calgary.

Manager—S. C. Brown, Esq.

The Canadian Government Elevator of Calgary is a reinforced concrete terminal elevator of 2,500,000 bushels capacity. This interior terminal elevator, together with similar elevator of \$3,500,000 bushels capacity each, at Saskatoon and Moose Jaw, Sask., were constructed by the Board of Grain Commissioners for Canada to operate in conjunction with the Board's Lake Terminal Elevator at Port Arthur, Ont., and with the Board's Ocean Terminals at Vancouver, B. C. The purpose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes, or more especially for shipments westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

The Calgary elevator will be a great boon to the farmer during a period of congestion in transportation and, possessing as it does the most up-to-date facilities for treating damaged grain, will prevent grain going out of condition on account of excess moisture while in transit.

## FIRE DEPARTMENT

Headquarters: No. 1 Fire Station, cor. 1st St. E. and 6th Ave. E.  
 Chief—James Smart  
 Assistant Chief—A. Carr  
 Supt. Fire Alarms—C. O'Brien

The Calgary Fire Department is considered and acknowledged to be one of the most efficient and up-to-date in the Dominion of Canada. There are 8 fire stations in the city, manned as follows:

- 1 Chief
- 1 Assistant Chief
- 1 Master Mechanic
- 1 Motor Mechanic
- 1 Secretary
- 8 Captains
- 9 Lieutenants
- 1 Superintendent of Alarms
- 71 Firemen

## EQUIPMENT

- 1 Steam Engine
- 1 City hook and ladder
- 1 Aerial truck
- 1 Motor (chief's car)
- 1 Motor (assistant chief)
- 1 Motor Chemical and Hose
- 2 Motor combination engine and hose
- 8 Motor hose wagons
- 1 Motor aerial truck
- 16,000 feet of hose
- 1 Motor city service truck
- 1 Motor salvage car
- 1 Motor Chemical and emergency car

## FIRE ALARM SYSTEM

- 2 6-circuit switchboards (Gamewell)
- 1 power switchboard
- 1 6-circuit automatic repeater
- 1 3-circuit automatic repeater
- 9 large punch registers
- 8 small punch registers
- 1 arc rectifier equipment
- 9 electro-mechanical gongs
- 2 motor generator equipment
- 9 automatic street corner signals
- 10,000 feet underground cable
- 85 miles of line wire
- 5 cable terminal posts
- 476 cells electric storage batteries
- 156 standard fire alarm boxes
- System divided into nine circuits

## FIRE STATIONS

- Headquarters: No. 1, 138 6th Ave. E. cor. 1st St. E.
- No. 2 Station—1801 2nd St. E.
- No. 3 Station—1030 9th Ave. E.
- No. 4 Station—104 6A St. N.E.
- No. 5 Station—n.s. 17th Ave. W. cor. 20th St. W.
- No. 6 Station—1111 Boulevard N.W.
- No. 7 Station—140 16th Ave.
- No. 9 Station—25th St. E. (Ogden Subdiv)
- No. 10 Station—2415 26th St. W.

## FIRE ALARM BOXES

- | Box | Location                        |
|-----|---------------------------------|
| 12  | 8th Avenue and 1st Street East  |
| 13  | 8th Avenue and 2nd Street East  |

Amount paid City.... 43,177.85  
Amount paid Govt.... 23,644.46  
Fees, etc., paid out... 4,135.70  
Workmen's Compensa-  
tion Act ..... 45.00  
Alberta Prov. Police. 263.20

The Police Force is a department of the civic government and as such is controlled by the Council of the City, through the City Commissioners.

### **PUBLIC PARKS**

The public parks of the City, which heretofore have been under the control and management of the Parks Boards, are now under the supervision of the Commissioners. For the purpose of providing the expenditures required for park purpose, a rate up to three-quarters of a mill on the dollar may be levied on the general assessment.

Park Supt.—W. R. Reader

St. George's Island Park—Island on Bow River approached from 9th Ave., East Calgary. Area 45 acres.

Central Park—12th Ave. W. bet. 2nd and 4th Sts. Area 4.42 acres.

Victoria Park—e.s. 2nd St. E. and 17th Ave. Area 103½ acres.

Mewata Park—8th Ave. W. and 14th St. Area 33 acres.

Hillhurst Athletic Park—Bounded by 12th St., 14th St. and 5th Ave. N.W.

Riley Park—Bounded by 5th Ave., 6th Ave., 10th St. and 12th St. N.W. Area 20 acres.

Shouldice Park—Two miles west of city limits. Area 100 acres.

Tuxedo Park—Situate in Tuxedo Sub-division. Area 6.10 acres.

Shaganappi Park—West end of city, from 26th St. (Killarney). Area 96.13 acres.

Bowness Park—About 4 miles west of city limits. Area 80 acres.

### **PUBLIC LIBRARY**

Central Library—2nd St. W. and 12th Ave.

#### **Hours of Opening**

9 a.m. to 9.30 p.m. (9 p.m. April to August), Sundays 2 to 6 p.m., Wednesdays 9 a.m. to 1 p.m.

The Library is closed on Victoria Day, Dominion Day, Labor Day and Christmas Day; is open for reading only on New Year's Day, Good Friday and Thanksgiving Day (2 to 9 p.m.).

#### **Membership Privileges**

Any citizen of Calgary is entitled to a free membership on signing application card, proving his address and furnishing the names of two friends.

#### **History**

It is now about thirteen years since a little group of Calgary citizens began to interest themselves in securing for Calgary a Public Library. Calgary was at that time a city of only about 15,000, and it took time for the scheme to mature. However, in 1908, a Library Board was formed; in 1909 the building was begun, and on January 2nd, 1912, it was opened to the public.

The building and equipment has cost \$100,000.00. Of this sum \$80,000.00 was provided by Mr. Andrew Carnegie and \$20,000.00 by the City Council.

It is noteworthy that this Library was the first public library in Alberta and the second between Winnipeg and the Rockies.

#### **Constitution**

The Calgary Public Library is administered by a Library Board of seven members, the Mayor being an ex-officio member, and the remaining six being appointed by the City Council for two years.

The Library is organized under the Provincial Libraries' Act, which empowers the City to levy a library rate not exceeding one mill on the dollar on all assessable property.

The Board at present consists of the following:

Dr. A. M. Scott (Chairman), Mayor S. H. Adams, Mr. J. McCaffary, Mrs. E. P. Newhall, Ald. R. H. Parkyn, Dr. J. Macartney Wilson, Mr. J. R. Harris Librarian and Secretary-Treasurer—Alexander Calhoun

#### **Book Collection**

The library has now 40,000 volumes in its various departments, over 35,000 being available for lending purposes.

#### **Reference Department**

The reference library is a separate collection of over 4,000 volumes of books of reference and bound periodicals.

This department is designed to meet the needs of students and workers in every field who need special data of any kind. Telephone or mail inquiries receive prompt attention. Special lists of the best books and articles on any subject will be prepared at any time by the reference librarian, who gives all her time to this work.

#### **Technical Reference Department**

The works of Technical Reference form a separate department. Here also will be found technical books for loaning, and the best technical magazines covering Engineering, the Trades, Commerce and business.

#### **Children's Department (Upper Floor)**

This department is a separate collection of 4,000 carefully selected volumes, under the supervision of a specially trained children's librarian. Children up to fourteen are eligible for membership.

#### **Lecture Hall**

A small lecture hall is on the upper floor, seating 100 and equipped with a splendid lantern. This room, as well as several others is available at a nominal fee for any educational purpose. It is in constant use.

#### **Crescent Heights Branch**

The library has one branch at 1806 First Street N.W., with a collection of 4,000 books.

### **CALGARY MUNICIPAL STREET RAILWAY**

(Operated by the City Commissioners)

Offices and Car Sheds—2nd St. E. bet

Victoria Park and Elbow River

Began operation July 5th, 1909

Superintendent—R. A. Brown

The City of Calgary on July 5th, 1909, with 35,000 population, successfully inaugurated a municipally-owned and operated modern street railway system.

A \$250,000.00 by-law was passed in 1907 and one for \$226,000.00 in 1909, providing for the building, etc., of the street railway system.

With twelve modern pay-as-you-enter cars the first six months' operations returned operation and interest charge and \$10,000.00 surplus for contingent account.

Construction was begun in September, 1908, and one-half mile of track was laid that fall. On May 1st, 1909, work was recommenced. The power generator arrived July 1st, and the first two cars on July 2nd. The Railway officially opened at 8 a.m., July 5th, 1909, with two cars covering the half-mile between City and Fair Grounds.

During Fair Week 35,460 passengers were carried.

Work was carried on by five paving contractors, one track construction company (on unpaved sections only), the City doing all special and overhead work and intersections.

One-man cars were introduced on all city lines in 1917, and are proving satisfactory. Safety of operation is secured, together with a substantial decrease in the cost of operation.

All the line feeders within the business area have been placed underground.

At present power is supplied by four substations with two 500 k.w. direct driven steam units as an auxiliary, and one 300 k.w., and three 1,500 k.w. motor generators.

Power supply. See Index—Electric.

The Power Department of the City charges the Street Railway for power as follows: 1c per k.w. hour for first 400,000; all over 400,000,  $\frac{3}{4}$ c per k.w. hour; \$2,300.12 per month overhead charges.

#### Fares

Five classes of tickets are used:—"School," good to and from school for adults and any time for children, 8 for 25 cents; "Ordinary," 18 in book form, \$1.00; 4 for 25c; and pads of civic employees' tickets, 20 for \$1.00, the latter are charged to the departments in which they are used. On Market Days a "return from market transfer" is granted free.

#### CEMETERIES

Roman Catholic Cemetery—South of Elbow River over Mission Bridge  
 Union Cemetery—2nd St. E. nr. 26th Ave. (south of Elbow River over Victoria Bridge)  
 Jewish Cemetery—Near Union Cemetery  
 Chinese Cemetery—Adjoining Union Cemetery south of Elbow River over Victoria Bridge

## Educational Information

### CALGARY SCHOOL BOARD

Office: City Hall  
 Elected at large. Meets 2nd Tuesday in each month.

#### Trustees

H. A. Sinnott, B.A., D.C.L. (Chairman), Mrs. M. Carson, Mrs. L. C. Woodhall, Frederick S. Selwood, R. B. Gale, C. T. Jones, T. B. Riley

 Including  
**Sub-Divisions and Their Locations**

CITY (1922) DIRECTORY

85

**Method of Numbering Streets, Avenues  
 and Houses**

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example: The first street west of Centre Street and south of Centre Avenue would be First Street S.W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Avenue would be First Street N.E., and so on.

The Avenues are numbered from Centre Avenue and Centre Street. Example: The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S.W., and so on; and the First avenue north of Centre Avenue and west of Centre Street would be First Avenue N.W., and so on.

Half streets or intervening streets are designated "A" or "One-half."

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north side of the avenue and the odd numbers are on the south side of the avenue. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block numbers

from 100 as follows: 116 8th Avenue West would be on 8th Avenue, between Centre and First Street West, 217 8th Avenue West would be on 8th Avenue, between First and Second Street West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street, between Second and Third Avenues, and 712 Centre Street South would be between Seventh and Eighth Avenue, and so on. Each block starts numbering from the hundred following the block preceding it.

**NOTE.**—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre Street, which appear first with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South East and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on Streets.

### The Objects of the Association

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory Business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

- First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.
- Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.
- Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.
- Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing collecting or canvassing for any fraudulent or "fake" Directory.
